

# made to order café sinks

**Veitch stainless steel café sinks** are particularly suited to the food and hospitality industries, and for commercial situations such as in factories, schools and restaurants. They are available in both insert model or fascia model sinks and may be custom made according to your specifications.

Features include a 50mm dia. PVC waste outlet, tap hole as required, Veitch studded drainer board/s if required, and a selection of large capacity sink bowls. All Veitch sinks are manufactured entirely from 1.2mm Grade 304 stainless steel, are 100% Australian made and are fully recyclable.

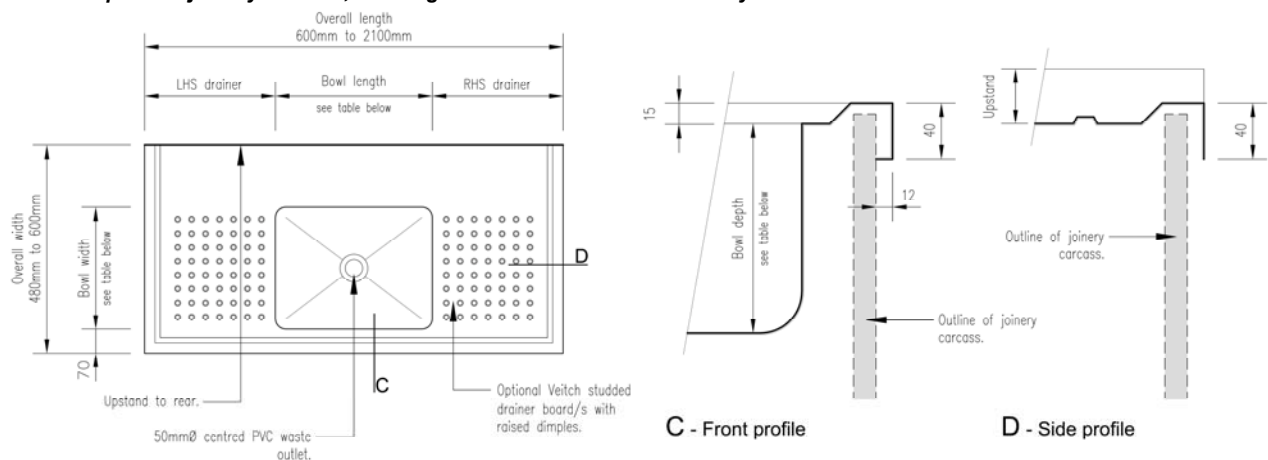

## Insert model café sinks

**Veitch stainless steel insert model café sinks are selected when they are required to be set into a bench. They are installed in the cut-out in the bench top and held down by sink clips, as per drawings below.**

## Fascia model café sinks

**Veitch stainless steel fascia model café sinks are selected when they are required to be set into a bench. They are required to be installed on top of the joinery carcass, hooking over the walls of the cabinetry below.**

## Sizes available

**Lengths available:** All Veitch café sinks can be manufactured from 600mm to 2100mm in length.

**Widths available:** All Veitch café sinks can be manufactured with widths between 480mm and 600mm inclusive. However, it is recommended that insert model sinks be manufactured at 540mm wide to adequately fit in a standard 600mm wide bench top

**Bowl sizes:** Sink bowls may be ordered as a singularly or as a double bowl combination. Refer to size table on page 4.4 of for more information.

 **Designed & manufactured in Australia.**
